The Gift of Giving *Comfort & Joy*

The Christmas Vacation is upon us and these past two weeks have been winding down the term. Amidst the excitement of the preparation of our annual Christmas Concert, we have been focusing on finishing up any outstanding work so as to leave for our well-deserved break with peace of mind. This morning, we held a school-wide party to celebrate a very successful school semester. Our celebration included the official inauguration of our new 'green' soccer field as well as a school wide dance-off, reliving some of the wonderful moments of our International Week and last Tuesday's concert.

One of the highlights of this past week for some of us was the visit to the Children Rescue Centre, Source de Vie. With boxes of donated children's and babies' clothing and toys, three of our students visited the centre and experienced the true spirit of Christmas... the gift of giving. It was a truly wonderful and memorable event, for the children at the centre as well as for our students.

On this note: Happy Holidays to all our friends and families, and see you again in the New Year!
